

SGI 2024/2025 - TP3

Group: T03G09

Instructions

- Open this folder in the browser using VSCode's Live Server.

Controls

- Write both the player's name and opponent's name in the main menu input fields, then press Start
- Using 'a' and 'd' you can select the player's balloon, press 'space' to confirm
- Do the same for the opponent's balloon
- The starting spot is selected in the same way
- During the race, your only controls are 'w' and 's'
